## PROFESSIONAL EXPERIENCE

### Ganic Architecture Intern Architect

August 2021 - September 2021

Istanbul, TR

- Collaborated with other architects to design residences, health clinics and other projects.
- Reviewed, edited and improved drawings based on the stakeholders' feedback with 85% approval rate.
- Developed final polished construction plans that included aesthetic representations of structures.
- Prepared scale drawings (1/50, 1/100) and architectural designs using computer aided design and other tools.

### Agaoglu Construction Intern Architect

June 2021 - August 2021

Istanbul, TR

- Gathered information regarding the projects' operational efficiency.
- Interviewed specialists, such as electrical engineers, mechanical engineers, interior designers, and sound specialists to learn how to promote optimal form and function of designs on final structures.
- Conducted periodic on-site observations every 2 days of construction work to monitor compliance with plans.
